DWS to Hold Employer Information Seminar in Cheyenne

CHEYENNE – The Wyoming Department of Workforce Services (DWS) will host an Employer Information Seminar in Cheyenne on March 21, at Laramie County Community College, Center for Conferences & Institutes, Centennial Room 129 (1400 East College Drive).

The public seminars feature agency program subject matter experts and are aimed at helping Wyoming employers enhance their knowledge regarding important law changes, improving workplace safety and many other programs and processes that are pertinent to the state's employers. The seminar will focus on workforce training programs, OSHA consultation, unemployment insurance taxes, claims and appeals, workers' compensation requirements, labor standards, risk management, labor market information and more.

“Employer Information Seminars are a great resource for all employers -- those who are just starting out, and for those who have been in business for many years,” said Director of the Wyoming Department of Workforce Services Joan Evans. “These seminars provide valuable information on important law updates, how to better navigate regulatory obligations and ways to improve working conditions for your employees. DWS looks forward to connecting with Cheyenne businesses and providing them with helpful tools they can use to benefit their employees and their business operations.”

There is a nominal fee to attend the seminars, which covers lunch and breaks. Seminars begin at 8:30 a.m. and end at approximately 4:30 p.m.

Register online through the Department of Workforce Services at <http://dws-sc.wyo.gov/EmployerSeminars/default.aspx> or call (307) 777-8717 to request registration information.
